Say Hello to Convenience.

Got a check to deposit? Depositing checks with your smartphone or tablet trumps driving to a branch or an ATM.

With Mobile Deposits from your credit union, you can deposit checks on *your* time, from virtually anywhere, with your credit union's mobile app and the camera on your mobile device.

Fast. It's as simple as snapping a picture and sending it to a friend.

Convenient. Skip the driving, deposit slips, lines and ATMs. Get it done while you're thinking about that check!

Easy to Use. The credit union's mobile app steps you through the short process.

Your deposit is as secure as depositing checks in person at a credit union branch or at an ATM. Check images are never saved on your device, and you'll have a user ID and password to access your account.

Here's how Mobile Deposits work:

 **Open** the credit union's mobile app and select the deposit feature.

 **Select** the account to receive the deposit, and enter the check amount.

 **Snap** photos of the front and back of your endorsed check.

 **Verify** your deposit amount.

 **Send.** You'll receive confirmation that your deposit is being processed.

Driving to the credit union or ATM to deposit a paycheck, birthday check or any paper check is so...well, unnecessary!

Shorten your "to-do" list faster. Bank on *your* schedule with Mobile Deposits. Contact your credit union to learn more.
